

FAASteam CFI Workshop Module #4

Learn which airman certificates and training are of security interest to the TSA. You'll also have the opportunity to review and understand the Alien Flight Training Program, and record-keeping requirements. Finally, security-related special use airspace and operations will be presented.

Directions: The UAA Aviation Complex is the largest building on Merrill Field and is located at the east end of the airport. CFI Workshops are held in the first floor auditorium or an alternate available classroom. Look for informational signs inside the main entrance.

A message from the National FAASTeam Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
